Narrative Explanation, if needed

Annual inspection performed today, facility is clean and odor free at time of inspection with no apparent signs of illness or injury noted. Previous inspections noted the upcoming addition of another housing wing, with that addition will include outdoor yard updates. Outdoor play yards are not acceptable today due to wide spread bare dirt (0203), discussed the acceptable ground cover for this area with kennel staff today.. Again, new construction should address this area- ground breaking will begin in aprox. 2 weeks. Animals housed here appear happy, healthy and well cared for.
